

Rangeland Internship Program

Wyoming Stock Growers Association | The Nature Conservancy – Wyoming | Assn. of Conservation Districts

This internship is designed to offer beginning agriculturalists and range specialists real-world and hands-on experience implementing the educational tools already gained. This paid internship will last for three months during the 2018 summer where interns will work, learn, and gain valuable insight from mentoring ranchers from across the state of Wyoming. A stipend of \$1,600 will be given at the end of each month with room and board supplied by the mentoring ranch and the possibility of 1-3 credit hours. Students are responsible for working with their advisor/professor to obtain credit hours. Sophomore, Junior, Senior or Grad students majoring in any natural resource related field are encouraged to apply for this opportunity.

Program Mission & Goals

“The West is losing experienced land stewards. Ranchers are aging and federal land management agencies are faced with a looming loss of capacity. Our goal is to prepare the next generation of land stewards. In a unique partnership between the Wyoming Stock Growers Association, the Wyoming Association of Conservation Districts, and the Wyoming Chapter of the Nature Conservancy, we are providing ranching experience and a rancher’s pragmatic perspective on resource management to students who may later pursue careers in resource management in either government or the private sector.”

To apply, please include a current transcript, one letter of recommendation, typed one-page essay describing how this internship opportunity will further your educational experience and a complete application. Please find form below. Attach essay and other supporting materials to the application form if mailing to the WSGA office or submit together as an email attachment. Please complete this application form and return it to the address below by no later than Friday, January 26th. Late applications will not be accepted. Please send to: Wyoming Stock Growers Assn. Attn: Haley Clark, P.O. Box 206, Cheyenne, WY 82003 or by email to haley@wysga.org.

There will be two parts to the application process for the Rangeland Internship Program; approval of the following application and if approved, a phone interview with the Internship Selection Committee in the following weeks after the application deadline.

“Shaping and Living The Code of The West”
